LETTER OF RECOMMENDATION

To whom it may concern,

While serving as Senior Producer at 65 Media I had the pleasure of working with Paul Szygula on many successful online marketing campaigns for major motion pictures as well as national and international brands. Websites that Paul flashed were recognized in with awards ranging from the London International Advertising Award, the Hollywood Key Art Award, and Movies.com Website of the Year Award. In Addition sites that Paul flashed were nominated for Webbies, Clios and various others.

Paul is particularly adept at developing systems of motion design and interactivity that bring designs to life online with an acute and distinct sensibility. His work consistently passed through rigorous QA with little or no bugs. His demand for quality is deeply appreciated, revered, and respected. He insists on design and interactivity to be consistent throughout the site in order for optimum user experience, and sets the standards of the project far above the client's expectations – constantly raising the bar.

His tremendous talent and professional candor coupled with attention to detail, craftsmanship of design, skillful and artistic eye, and wealth of knowledge have allowed him to rise to the top of his field.

Please feel free to contact me with any further questions you may have via email: matthewpollock@sbcglobal.net or by phone at 310.867.9622.

Sincerely,
Matthew Pollock
